Gets His Medals

CAPT. JOHN M. ATKINSON

Merits Distinguished Flying Cross and other Decorations

AWARDS CATCH UP WITH CAPT. JOHN M. ATKINSON

Austin, Sept. 14.—Awards won by Capt. John M. Atkinson for service in more than the ordinary man's share of the Pacific fighting are catching up with him these days.

The 26-year-old Flying Fortress pilot, who received the Distinguished Flying Cross at Pyote Army Air Base Aug. 14, has just had an Oak Leaf Cluster added to that medal, according to a War Department announcement. He previously had received the Air Medal.

Atkinson's DFC was for extraordinary achievement during the period from Dec. 9, 1941, to March 30, 1942. He was at Hickam Field when the Japanese struck there and at Pearl Harbor. He participated in the Battle of Midway. He moved in on the Guadalcanal show last Fall and finally, with 702 combat hours logged to his credit, came back to the United States last May 1. That happened to be his birthday, and stepping out on the West Coast wasn't a bad way to celebrate.

The Austin flier is another of that army of young men who went from the classroom into World War II, though he was well in the vanguard. As a junior at the University of Texas, where he was majoring in petroleum engineering, Atkinson felt that the war was "just a matter of time." He wanted to be sure to get in where he wanted, and so he volunteered for the Army Air Forces in July, 1940, and was called up that Fall. All his training was in California, and he received his wings at Moffett Field in May, 1941.

He was sent to Hawaii June 1 six months before the Japs blasted out their curtain raiser.

Now stationed with the famous 19th Bombardment Group at Pyote, Atkinson is functioning as an instructor.

He was married in Fort Worth, Sept. 7, to Miss Frances Anderson, a former Austin girl. They are honeymooning in New York.

Atkinson, a native of Cameron, is the son of Mr. and Mrs. Benjamin P. Atkinson of Austin. At Austin High School he played football and was interested in high school sports generally, but in the university he went in for more academic interests. He is a member of Delta Tau Delta fraternity.

An older brother, Benjamin P. Atkinson, Jr., who is married and is in business here, entered the Army around Sept. 1, and with CAA flight training already to his credit, hopes to go into the air forces also.

(Capt. Atkinson, born and reared in Cameron is the son of Mr. and Mrs. B. P. Atkinson of Austin, and a nephew of Miss Lillian Atkinson of Cameron and H. L. Atkinson of Maysfied.)

Rev. H. C. Gibbs formerly of Cameron who has recently built a new home in Rogers, also a church lost both his home and church, with everything in them, Sunday night by a fire. It was a bad fire, and he lost everything he owned, besides his car. He has received offerings and also help from his friends and relatives in Cameron.

AMMUNITION FOR FARMERS AVAILABLE

Milam County farmers and ranchers may purchase during any calendar quarter 100 rounds of .22 caliber long rifle cartridges or other rim fire cartridges; 40 rounds of center fire catridges such as .30-30 caliber and 25 rounds of any gauge shot gun shells by executing Certificate No. 4 of L-286 according to H. L. Atkinson Chairman of Milam County USDA War Board. The War Food Administration has been concerned for some time about the shortage of ammunition for use by farmers in controlling predatory animals and birds Atkinson said. The amount available for the past year has been so inadequate that many farmers have been unable to obtain the small quota permitted under War Production Board Limitation Order L-286.

A program has been adopted under which approximately 100 million shot gun shells, 12 million center fire rifle cartridges and 100 million .22 caliber rim fire cartridges will be available for distribution.

Farmers and ranchers who need ammunition should execute Certificate No. 4 which can be obtained from their dealer. Those needing a larger amount of of ammunition than can be secured by using Certificate No. 4 may purcrase a special quota (50 rounds of .22 caliber long rifle cartridges, 20 center fire rifle cartridges and 25 shot gun shells) by using certificate No. 5, provided they secure these amounts prior to October 1 or their written orders are in the hands of the dealer by that date. If a farmer or rancher needs a larger amount of ammunition than can be secured by using Certificate No. 4 and 5, he may apply to the Government Division, War Production Board, Washington, D. C., using Form PD-860.

BUCKHOLTS SCHOOLS TO OPEN SEPTEMBER 20

The 1943 fall term of the Buckholts High School and grade school will open Monday, September 20.

C. D. Campbell, superintendent, has announced an almost complete faculty and everything in readiness for the opening.

The following teachers are in the school this year: Dwight Hine Vocational Agriculture; Faye Fuller, Home Making; Mrs. Coy Arledge, principal and teacher of English. This place is a promotion for Mrs. Arledge who has been a member of the faculty for several years.

In the grade schools C. W. Hudson will teach the 7th and 8th grades; and is principal; Kitty Bob Mayes, 5th and 6th; Marguerite Lesikar 3rd and 4th and Mary Walschak, 1st and 2nd.

There are two vacancies on the faculty in high school, social science and commerical department.

Indian Diagnosis of Farm Collapse Seems Solution of Problem

Oklahoma Farmer-Stockman recently published two pictures, one of a dilapidated house and the other of a washed away field. The magazine offered a prize for the best essay on the two pictures. The first prize was won by a Cherokee Indian, who wrote as follows: "Both pictures show the white man crazy. Make big tepee Plow hill. Water wash. Wind blow soil, grass all gone. Squaw gone papoose, too. No chuckaway. No pig, no corn, no hay, no cow, no pony. Indian no plow land. Keep grass. Buffalo eat. Indian eat buffalo. Hide make tepee, moccasins, too. Indian no make terrace. No build dam. All time eat. No hunt job. No hitchhike. No ask relief. No shoot pig. Great Spirit make grass. Indian no waste anything. Indian no work White man heap crazy."

Lt. Jack Blankenship who has been spending his furlough in Buckholts and Cameron returned to his base in Chapman Field, Ga.

Vernon Coldiron and Carol Sue Roberts of Rockdale were united in marriage by Jude Kemp on Sept. 11.

Now A Major

MAJOR CLINTON BREEDING

News has been received in Cameron that Captain Clinton Breeding, United States Army Air Corps, has been promoted to the rank of Major.

Major Breeding, grand son of C. F. Spiller in Cameron, was reared here and a graduate of Yoe High School. He was president of his senior class and Captain of the football team under Coach Carroll Wood.

Major Breeding was among those combat pilots who went to England early and has seen much of the war in battle from the skies. A recent news story gave him prominent mention. He pilots a B-17 Flying Fortress. He has been decorated with the oak leaf cluster and cited for a brilliant record in the Air Corps.

Cameron was proud to have word of his promotion and to hear of his good work with the Air Corps.

YOEMEN POINTING TO OPENING GAME FRIDAY

The Yoemen are pointing to the game here Friday night against the McGregor Bulldogs.

Coach Dick Young was putting his boys through their paces at Yoemen field to get ready for the opening engagement of the season.

The Yoemen will go into the game underdogs, as usual, and the Bulldogs will have a big advantage. Eight lettermen from last year have returned to the McGregor line up while the Yoemen will have only 5 lettermen back.

Coach Young lost a number of his boys through graduation, failing grades and enlistment in the armed services. The team will be new and unseasoned. As it looked Tuesday from the shadow of the bleachers at Yoemen field the Cameron boys will face their hardest initial game in years.

Coach Bob Moorman is bringing his team from Brenham Friday night, September 24.

The Friday night game will begin at 8:30. An eight page two color program is being issued by The Herald press for F. G. Blake of the Coca-Cola Bottling Company and this will be complimentary to the fans.

The program this year will carry the schedules of all teams in the district.

The Athletic Council headed by Mr. Blake, newly elected President, is urging the people to turn out and support footbail as never before due to the severe condtions under which it will be carried on this year.

Marak Picnic and Supper Postponed

Father Ben Holub of St. Cyril and Methodius church at Marak, announced today that the picnic and supper planned there had been postponed to the first Wednesday in October which is the 6th.

The picnic was scheduled for Sept. 22. The picnic will begin at 3 p. m. and the supper will climax the days activities. Father Holub, a leader and very popular at Marak and in Cameron, said that the auction this year would be larger and more interesting, that three bales of cotton are to be sold.

Remember the picnic and supper, with sausage and chicken, will be held held on Wednesday, October 6th.

E. L. McGuire of Rockdale was a Cameron visitor Monday.

DR. NEWTON DISCUSSES INFANTILE PARALYSIS

Dr. W. R. Newton, county health officer, has issued a timely and reassuring statement on infantile paralysis, five cases only having been reported in the county:

There has been considerable concern lately regarding infantile paralysis in Milam County.

There is no conecrn for alarm. So far, there have been only five cases reported in this county and all have been treated.

Measures of prevention are:

(1). Do not travel. Milam county is one of the safest counties in which contaminated by sewage, either for drinking, swimming or washing utensils.

(2.) Avoid use of water possibly to live as far as infantile paralysis is concerned.

(3.) Avoid exhaustion from exertion or chilling; during the incubation period these factors tend to intensify the oncoming disease.

(4.) Treat every minor illness as a possible case of infantile paralysis, particularly if there is fever, headache and some spasm of theneck, spine and leg muscles. Report to your family physician early.

(5.) Strive for proper santitary conditions and in particular destroy flies and their breeding places.

(6.) Avoid unnecessary physical contrats with other people, wash hands carefully before eating, and don't put unclean objects in the mouth.

(7.) Don't prescribe or take drugs or chemicals that are intended to protect against this disease. As yet we know of none that will do this.

(8.) Keep your general health good. Report to your physician for periodic health examinations.

In Jap Prison Camp

PVT. ALFRED A. SIMECEK

Pvt. Alfred A. Simecek who was on Corregidor Island as an anti-aircraft gunner, when General Wainwright surrendered the garrison, is safe and a post card sent under Japanese military regulations has just been received in Cameron by his parents, Mr. and Mrs. Charlie Simecek, Sr.

Information on the card reveals that Pfc. Simecek is in military Prison Camp No. 4, somewhere in the Philippines. Prisoners are permitted to write only a few lines. The card was signed by Alfred and brought cheer to the hearts of his parents and friends.

He says his health is fair and that he is not under treatment. He closed the card as follows: "Hope all of you are in good health. Please give my best regards to all relatives and friends."

Pfc. Simecek was among the gallant number of Americans who fell prisoners to the Japs after an epic fight on the battered rock at the mouth of Manila Bay in the Philippine Islands.

Pfc. Simecek is one of three brothers in the service. He volunteered as did his brothers, entering service on February 11, 1941. He went to the Philippines early in his army service and was under General Douglas MacArthur.

Chas. P. Simecek, Jr., and Albyn Simecek, brothers are in service, the former in the Hawaiian Islands.

LAAKE DRUG STORE IS GUTTED BY FIRE

Laake's Drug Store in Santa Fe Town was almost totally destroyed by fire at 10:30 p. m. Sunday.

It was said here Monday by Fire Department officials that the fire may have originated from motors in the freezing macinery of the ice cream machines.

Prompt action by the department averted greater damage. Contents of the store were almost a total loss and considerable damage resulted to the building owned by Mr. Kubecka of Buckholts.

When the firemen arrived the store was aflame and the fire seemed to have originated near the center. A bit of good work for which Mr. Laake expresses his thanks was done by the Firemen.

Mr. Laake's store is closed pending insurance adjustments but he will be open again soon.

General MacArthur Gets Knife Made In Cameron By Garcia

General Douglas MacArthur has received a knife made by Leonardo Garcia in Cameron.

A letter has just been received from Lt. Col. Chas. H. Morhouse Aide-de-Camp to General MacArthur, acknowledging receipt of the blade, a fine bit of workmanship and in a leather case designed by the F. J. Beckerman leather goods house here.

Leonardo Garcia has made a number of knives. The one sent to General MacArthur was the finest he has made. Here is the letter received by Garcia and written from General Headquarters of the Southwest Pacific Area and the office of the Commander in Chief:

Dear Mr. Garcia:

General MacArthur has asked me to tell you that he has just received the knife which you sent him. It is of excellent workmanship and I know that the General appreciates your thoughtfulness in sending it to him, and will keep it as a memento of your generosity.

Sincerely yours,
Chas. M. Morhouse,
Lt. Col, M. C. Aide-de Camp.

Elm Ridge School to Open September 20

The school at Elm Ridge will open on Monday, September 20.

Louis Raska, one of the trustees there, announced the opening so that the patrons may know that the fall term is to begin Monday.

All preparations have been made for the opening day and children from the community will be glad to know they are to return to the school room.

"Tommy" Fine Persian Cat Is Stolen; Mascot Of Fire Department

Cameron firemen are a bunch of fine fellows in every way but they are a pretty mad lot just now.

"Tommy" their mascot, a fine persian cat, has been stolen.

The cat. an aristocrat of the line, is one of the most beautiful in Texas, is very large and is usually chained at the fire statioin.

The cat was stolen three days ago and the person or persons responsible took the chain with them.

"Tommy" spends a lot of time on the cool cement floor of the fire station. He entertains visitors and often secrets himself near the door to pounce on the back of dogs passing by.

He has been mascot of the Fire Department for a long time. He belongs to Mr. and Mrs. Frank Richter and they as well as all the boys are quite distressed over "Tommy's" disappearance. We have simply got to find him. Everybody is interested. Notify Mrs. Richter or any of the members of the fire department.

PROMOTED TO CORPORAL

Pfc. Jarrell F. Edmonds, whose home address in 502 South College Avenue, Cameron, has been promoted to Corporal at Victorville, Calif.

Cpl. Edmonds is a military police man.

We are here to give the news.

NEW HIGH REACHED IN BOND SALES PROGRESS

Milam county's support of the war and participation in the Third War Loan brought a new high in bond buying Thursday, exceeding already the total subscribed in the April campaign.

Emory B. Camp, assistant treasury representative, compiled the first complete report for Milam county and telephoned the figures to The Herald around 9 a. m. today.

Up to the hour of report Milam county had purchased $3,291,444 in war bonds.

Mr. Camp pointed out that this figure is 60 per cent of the quota of over 5 million dollars. The Daily Herald in reporting the sales Wednesday which included only the Tuesday totals disclosed that 30 per cent of the quota had been reached.

Large purchases on Wednesday doubled the amount and pushed the percentage up to 60. Verily the eyes of Texas and the nation are upon us!

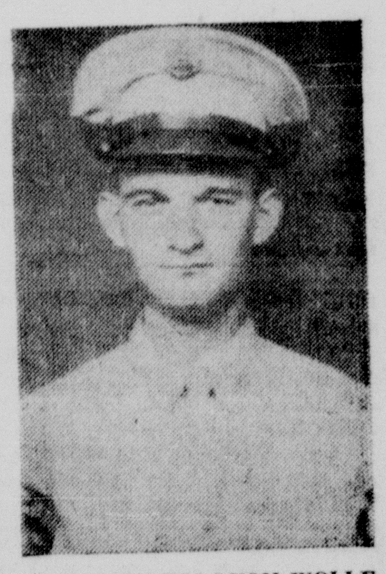
In the April loan led by Oxsheer Smith, Milam county oversubscribed its quota by the largest percentage of any county in the nation.

Responsible for the phenominal increase over Tuesday reports was sales at First National Bank in Cameron where Henry M. Hefley, the President reported sales of $526,775. Mr. Hefley reported these sales to Chas. M. Hicks, county chairman who in turn released them to The Herald. The total for Wednesday as reported by Mr. Hicks was $577,750 which included the First National Bank sum.

Oxsheer Smith, dynamic financial leader and key man in the current and past War Loan drives, reported a sale of $525,000 in bonds which he was personally able to make and which accounted for a large per cent of the increase over Tuesday figures.

In the current sales the community and town of Gause was a standout. Already the people there have purchased more war bonds than have been reported from Thorndale and Buckholts combined. Gause held a big bond rally Tuesday night, under direction of Oxsheer Smith.

Fights In Italy



PVT. LAWLESS LYON WOLLE

Pvt. Lawless Lyon Wolle is believed to be with the invasion forces now in Italy. He has been in the North African theatre of war for several months.

Pvt. Wolle entered the army on June 19, 1942, and was sent to Camp Wallace near Houston where he took his anti aircraft gunnery training.

In January 1943 he was sent to Fort Bliss near El Paso and spent a month on the desert and was sent to North Africa with the forces that landed there in the spring of this year. He is with a Battalion of the Coast Guard Unit. He was recently awarded a gold medal for his services.

Pvt. Wolle is the son of the late Fred Wolle and Mrs. H. F. Lange and was born and reared near Sharp.

Pvt. Wolle writes that he likes army life and is seeing plenty of action over there. The people are very queer, he says, and the country is very beautiful.

L. S. Svetlik of Buckholts was in Cameron Saturday. While here he mailed The Herald to his son, Albert Svetlik, now in Baltimore, Md., in the air corps.

ALLIES PLUNGE INTO THE HEART OF ITALY

Allied armies Thursday plunged into the heart of Italy to meet violent German opposition.

American units under General Clark landed south of Naples where they met strong German opposition.

American warships were in the harbor at Genoa and assisted in the landings on the Italian mainland.

A noon communication said that German opposition was growing. There were a number of indications that the Germans do not intend to give up Italy without a struggle.

Secretary of War Henry L. Stimson in Washington early today said that progress was being made as planned and all was going well with the Americans who struck with great force at the heart of Italy.

In Berlin the German radio said that central and north Italy are strongly held by German troops.

The Nazi were hot and bothered over the capitulation of Italy. The government of Tojo in Japan said it was most regrettable. Germany was boiling and the propagandist charged Italy had committed treason and that Mussolini had been ousted by an Anglo-American plot. At the time Mussolini was thrown out the Germans said that Fascist regime in Italy was sterile and no longer useful. At that time the Germans believed Italy would remain in the war.

A Berlin broadcast said that German and Italian troops were fighting at Brenner Pass.

Rumors were heavy with all kinds of predictions. The American and British people were cautioned to believe only what is given out by their own governments. Berlin said that Denmark will be invaded, that Southern France has also been invaded. There was no confirmation.

Temporarily it seemed that the battle for Italy would make up the major effort of the Allies in Europe. There was no indication that the Italians had violated the terms of the surrender. If attacked the Italians will fight with the Americans and British.

The Italian merchant marine some 400 ships of around a million and a half tons was told to put out for Allied ports. A report at noon said that three Italian battleships anchored at Toronto had put out to sea for Sicilian ports. All Italian naval personnel were urged to quit Italian ports in the Adriatic at once to get clear of the Germans.

While the Italian invasion and collapse was crowding the picture things were happening in the West. The Red army is only 100 miles from the ancient city of Kiev.

The greatest mass air assault of the entire war came Thursday as RAF and American bombers went over France to attack Paris and Nazi air fields. The attack included all type of bombers.

In the Pacific area American submairnes have sunk 6 Japanese ships. The Japs are fast losing ground in the Solomons.

Mrs. M. V. Hughes and Miss Estelle Dickey of Houston were home over the week end, visiting friends and relatives.

"Tommy" Mascot of Fire Department is Home; Eats All Day

"Tommy" the Persian cat, mascot of the Cameron Fire Department was found early Saturday at his accustomed place in the fire station and Mr. and Mrs. Frank Richter and the firemen are happy.

"Tommy" was stolen four days ago. Sometime during the night he was returned and chained to the wall of the station where he spends much of his time.

Mrs. Richter telephoned The Herald before noon to say that "Tommy" was home again. He has been twice stolen. "Tommy" is a gorgeous silver gray Persian.

"Tommy" was almost starved when the family came down from their apartment Saturday. He will not eat except the members of the family feed him. So "Tommy"has been eating all day and drinking milk. At 4 p. m. Saturday he was stretched out on the cool cement floor asleep and very, very happy to be home.

Buckholts Bond Rally Attended By Hundreds

The bond rally held in Buckholts Saturday night was a success with hundreds attending from that section.

It was the first such rally held in the county and interest was high and enthusiasm shown. It was understood that a considerable sum of bonds were sold at the rally.

E. B. Hyer, Buckholts Postmaster, was largely instrumental in arranging the rally and for a company of wounded veterans from McClosky hospital who related battle experiences.

ITALY LOOMS MAJOR BATTLEGROUND OF WAR

Italy may become the major battle ground of the European war.

The Germans have occupied Rome.

A Berlin broadcast at noon Saturday said that King Victor Emanuel of Italy and General Badoglio had taken refuge in Sicily and from there will direct the Italian nation.

German troops have taken the Italian capital. Fighting which had broken out at Brenner Pass has been terminated. The Germans said that some 80,000 Italian troops in Yugoslavia have been disarmed and interned.

Violent new fighting has broken out around Naples where the American 5th Army landed under General Clark. The Germans have tried desperately to dislodge the Americans but have been hurled back in one of the bloody battles of the war.

Large reinforcements are pouring ashore in Italy.

Large units of the Italian fleet have arrived at Malta.

Adolph Hitler in Berlin, ired over the surrender of the Italians, indicated that the Germans may set up a government in Italy and place Mussolini back in command. The German leader said that Mussolini is "the greatest son of Italian soil."

There is an unconfirmed report that Mussolini is in Allied hands and will be tried as a war criminal.

Germany was facing the most serious situation since 1918. The Russian army was making a desperate and apparently a successful bid to drive Hitler's armies out of the Crimea. If the Germans abandon this region under pressure the Balkins can and will be invaded by the Red army and the German border will be open to attack.

The British were reported getting ready to land an army in Albania which is in the Adriatic and next to Yugoslavia.

Reports on actual fighting were not made in detail. The Americans were engaging the Germans in very heavy combat around Naples.

The British 8th Army under General Montgomery advanced 35 miles Friday and was fighting increasingly hard battles with German rear guard forces.

Lae and Salamaua were apparently doomed as the Americans were closing in for the kill on a Jap force of some 20,000 men. The Allies were flying in reinforcements for the final battle.

AMERICANS LOCKED IN BATTLE WITH NAZI

A great battle of unprecedented intensity has developed around Naples where the American and British forces under General Clark landed a few hours before the surrender of Italy was announced.

The Germans, angered by the sudden collapse of Italy, were determined to make a fight of it and are apparently determined that Italy will be surrendeered only after a bloody fight.

As yet there are few details about the battle in progress.

Secretary of War Stimson said that much hard fighting is ahead for the Americans. The Germans say they have occupied all of north and central Italy.

The Germans are fighting fiercely at the appex of a bridgehead forged by the Americans and British when they thrust into the heart of Italy The battle area of the invasion is a thousand mile stretch of the Mediterranean. It was said unofficially that the Germans have from 15 to 20 divisions of men in Italy. This would indicate some 300 thousand fighting men.

Moscow finally has given expression to re-actions over the surrender of Italy. The Soviet say that the defeat of the picked divisions of Italians on the Eastern front is responsible for Italy's downfall.

General Mantgomery withdrew a portion of his army from the Toe of Italy and sent them up the coast 50 miles for a landing. The Germans said this force was facing destruction.

Naples is 200 miles up the coast from the landing made by the British and Canadians some days ago

Robert Llyles, former lawyer here and now living in Angleton, was in Cameron Thursday visiting old friends. Mr. Lyles was in Del Rio for a number of years but moved some time ago to Brazoria county. Many friends here were glad to welcome him. Major R. Lyles, the father, was one of the most famous criminal lawyers years in the history of the Cameron Bar.

Judge O. C. Nolte of Ben Arnold was in Cameron Wednesday on business.

Ace Nazi Sub Man Is Taken

Commander Grugenberger, No. 1. Nazi submarine man, was captured along with his submarine and crew off the coast of Brazil early Monday, it was announced in a special news bulletin heard by The Herald.

The presence of such commander in those wathers may indicate another all out sub campaign against shipping.

The manner if his capture was not related. Six others were taken with the sub commander. It was understood that United States naval units were responsible for the capture.

Grugenberger is second only to Admiral Rader, head of the German navy, and was recently made supreme commander of the Nazi sub fleets.

Miss Shirley Jean Schwarting of Clarkson, visited Mrs. Ray Lester, Jr., last week.

MUSSOLINI REPORTED LIBERATED BY NAZI

Benito Mussolini has been liberated by German parachute troops, it was announced from Berlin early Monday.

It was presumed here that El Duce when kicked out of office, fled Rome and was somewhere in northern Italy. Some days ago he was reported in Sicily where the Germans say he was liberated.

Neutral countries may have denied entrance to the former Italian dictator under presure of President Roosevelt who warned that to give haven to war guilty would be considered an unfriendly act. With the Allies in Italy El Duce must escape so the Germans took him.

While the announcement was not confirmed by any source, it was taken with some reservation as the Allies are in control of Sicily.

Hitler has indicated that he will set up El Duce as a dictator again in Italy.

The report may have been a German fishing expedition to find out where El Duce is located. If held by the Allies there has been no state-

Capt. John C. Haygood Directs Flying by Instrument at Marfa

Marfa.—John C. Haygood, son of Mr. and Mrs. J. W. Haygood, Temple, has been promoted to the rank of Captain at the Marfa, Army Air Field's Advanced Two-Engine Pilot School, it was announced by Col. Geo. F. Hartman, Commanding Officer. Captain Haygood is Director of Instrument Training.

Captain Haygood attended the Ellisville Junior College, Ellisville Miss., in 1939, and the Southeastern La. College, Hammond, La., in 1940. He entered the Allen Military Academy in 1935 and upon completion of the course attended R. O. T. C. Camp where he received his commission in the Infantry reserve in 1938. He held this commission until May, 1941, when he was accepted as 2nd Lt. in the Army Air Forces. While attending the Allen Military Academy, Captain Haygood won the 8th Corps Area Gallery rifle matches three years in a row.

Captain Haygood and his wife, the former Catherine Mode of Cameron, are now residing in Marfa.

M. G. Ditto observed his 83 birthday Friday, September 10, 1943.

SEPTEMBER PENSION TO AGED AVERAGES $20 58

Austin, Sept. 8—Old age assistance is being paid in September to 182,618 persons. This is a net loss of 604 recipients from August rolls. Total certified need amounts to $4,269,989. The $3,757,877.49 being distributed averages $20.58 per recipient. While 1,619 aged persons were added to the rolls during August, 961 were removed because of current ineligibility and 1,262 recipients died.

The blind rolls made a net gain of 33 recipients. A total of $110,993 is being distributed to 4,543 blind persons in an average grant of $24.43.

During August the aid to dependent children rolls sustained a net loss of 285 families, representing 702 children. A total of $241,776 is being paid in September to 11,380 families representing 25,133 needy children. The grant averages $21.25 per family.

This Was The South Pasture

War sure changes things fast. Long as I can remember this was the Boss' south pasture—and now look. Almost overnight, instead of cattle, windmills and barbed wire, there are roads and barracks and soldiers as far as you can see.

All over Texas thousands of acres of quiet grasslands have been converted into military camps. Under the capable direction of Army engineers, civilian contractors have rushed to completion the flying fields, army training centers, rifle ranges and navy bases where thousands of our fighting men are being trained.

Essential to the very existence of these military establishments are the streets and highways that form the transportation system within and between them. Petroleum asphalt supplied by Humble has been used for constructing many miles of these strategic roads. Economical, serviceable, and easy to apply, Humble Asphalt is serving in war, as it did in peace, to make all-weather highways, streets, and air field landing strips a reality in quick time.

Road asphalt is but one of the long list of Humble petroleum products that are in the fight on the battle front and the home front. High-octane aviation gasoline, Toluene for TNT, special fuels and lubricants for the machines of war and industry—all come from the same refineries, which for years have supplied you with Esso and Humble gasoline, Esso, 997, and Velvet Motor Oil for your car, your truck, and your farm and industrial machinery.

HUMBLE PRODUCTS FOR THE MACHINES OF WAR: Asphalt, Aviation Gasolines and Aviation Engine Oils, Camouflage Paints, Diesel Fuels, Engine Oils, Univis Instrument Oils, Marine Paints, Navy Symbol Lubricants, Recoil Oils, Rust-Ban Protective Coatings, Stratosphere Greases, Toluene, Torpedo Greases, Waxes, Waterproof Lubricants, and soon, Synthetic Rubber for military uses. FOR THE MACHINES OF INDUSTRY: Automotive Lubricants, Cutting Fluids, Cleaners, Diesel Fuels, Gasolines, Industrial Lubricants, Launching Lubricants, Motor Oils, Paints, Petroleum Solvents, Quenching Oils, Rust Preventives, Waxes. FOR YOUR CAR: Products and service to help you care for your car for your country.

Humble fuels, lubricants and greases have been field-tested and used by successful farmers for years. There is a Humble product for every farm need. Look to your Humble Bulk Agent for advice on your fuel and lubrication problems.

In the days of wooden ships, nimble-footed 'powderboys' raced to the loaders with boxes of explosives—and it was one gunner's job to see to it that there were no monkeyshines from these youngsters (Ordnance instructions, U. S. Navy, 1864.)

The Ammunition is being passed

There's no monkey-business about the way the ammunition is being passed in this war, either. For example, the Navy's 5-inch 38 caliber gun throws shells at planes or surface craft at a terrific rate. Its powder and shells must come to the gun in a steady stream. How is it done? With an ingenious hoist whose tolerances are so close that the mechanism is comparable to the movement of a fine watch.

Ammunition hoists for the Navy are being produced so fast and efficiently by the Busch-Sulzer Bros. Diesel Engine Company that the organization has been awarded a second star in its Navy E pennant. Busch-Sulzer, which made engines for submarines in the last war, was founded by Adolphus Busch, the founder of Anheuser-Busch. He was the first to build Diesels in America—and the first American-made Diesel went into the Home of Budweiser. Now as then, the quest for better methods and facilities to produce the world's most popular beer never ceases.

Mrs. G. C. Sloan and daughter, Barbara Ann have returned home from a pleasant visit with her home folks.

Several Milano people took advantage of the rain about 2 weeks back and planted their fall gardens. The plants that have already come up have died from the heat.

Mrs. J. T. Robinson left Saturday for a visit with her daughter in Austin.

Mrs. Mortimer and children have returned home after several weeks in California. Mrs. Mortimer was not impressed with California like some that have gone there.

CHRISTIAN SCIENCE SERVICES

"Matter" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, September 19.

The Golden Text is: "I am the Lord: that is my name and my glory will I not give to another, neither my praise to graven images" (Isaiah 42:8.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "If we live in the Spirit, let us also walk in the Spirit" (Galatians 5:25.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The flesh and Spirit can no more unite in action, than good can coincide with evil" (page 167.)

"Shadow of Doubt" Suspense Drama at Cameron Thursday

Latest of Alfred Hitchcock's sensational suspense-drams and heralded as one of his best "Shadow of a Doubt," comes Thursday to the Cameron Theatre. The new film, presented by Jack H. Skidball Productions and released by Universal Pictures, stars Teresa Wright and Joseph Cotten.

Said to contain all the sustained excitement of former Hitchcock films, "Shadow of a Doubt," it is claimed, strikes a more intimate and romantic note than its predecessors such as "The Thirty-Nine Steps," "The Lady Vanishes," "Rebecca," "Suspicion," and "Saboteur," all celebrated Hitchcock screen successes.

An average American town and an average American family are dramatized in the action of "Shadow of a Doubt." The story concerns a notorious fugitive murderer who hides out incognito with distant relatives. They are totally unaware of his criminal record.

Miss Wright has the role of the murderer's niece. The portrayal is declared to be one of her finest although contrasted sharply with her oustanding work in "Mrs. Miniver" and "Pride of the Yankees." Cotten is seen as the mysterious guest. "Shadow of a Doubt" is his fourth picture since coming to Hollywood. His previous films were "Citizen Kane," "The Magnificent Ambersons," and "Journey Into Fear."

The following attended the big Bond Rally at Gause Tuesday evening: District Chairman, Oxsheer Smith; County Chairman, Chas. M. Hicks, Judge and Mrs. Jeff T. Kemp, Mr. and Mrs. Bill Alex Bonds and Mrs. Graham Gillis. They report a very fine program.

From where I sit ....

by Joe Marsh

Sam Abernethy's the Chief Rumor-Spiker in our town.

If a stranger gets off something like—"I hear they've sunk the S. S. Bumblebee," Sam starts pinning him down. Did he really see it? Where's the evidence?

Because Sam knows, like the rest of us, that nine-tenths of the "inside news" passed around by careless folk isn't rumor—it's lies planted by the Axis to destroy American morale.

Take those rumors about drinking in our Army Camps. Actual, official facts from the government's own Office of War Information showed there wasn't a shred of truth in 'em.

The boys enjoy a glass of beer occasionally—same as a lot of us do!

And from where I sit, they're proving themselves the healthiest, best-disciplined bunch of fighting men in history, like the OWI report stated. That's good enough for me.

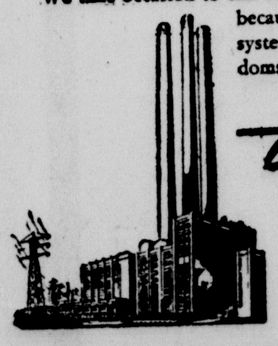
... busy at the job of WORKING FOR VICTORY

Yesterday ..we Texans were busy building an empire of better homes, farms and factories... schools, churches and other institutions... acquired, supported and enjoyed by a free people under the American System of free enterprise. We, of this Company, pioneered in providing dependable, low-cost electric power for use by Texans in building this empire. For 31 years, we have planned and built ahead, growing in experience and resources ... a business-managed free enterprise, owned and operated by and for Texans.

TODAY... we are very busy fighting and working for victory! More than 300 of the young men from this Company are in the armed services... fighting all over the world, on land, on sea and in the air.

The employees remaining here on the home front are keeping TP&L electric power on the war job 24 hours a day, 7 days a week ... in military camps, air fields, vital war industries and for the needs of all of our customers. Amidst all manner of shortages... there is *no shortage of electric power.* And amidst rising costs of living... **the price for TP&L residential and commercial service is only about one-half what it was during World War I.**

We take occasion to call attention to those contributions to the war effort because they are made possible under the American system of free enterprise... one of our basic freedoms which our enemies are seeking to destroy.



tomorrow ..every real American wants his freedom of opportunity and the freedom of American enterprise to remain intact. We must win this war so that we can again go forward to new heights in a world in which the American Way of Life shall continue to demonstrate its superiority.

Lieut. Frank M. Newton Takes Part In July 4th Celebration By American Airmen In German Prison Camp; Shot Down In Mediterranean

Lieut. Frank M. Newton, Army Air Corps, took part in a celebration of American Independence Day in a German Prison Camp, according to a news story which has reached The Herald from the Seattle, Washington, Post.

The clipping was sent to Cameron by Lt. Sam Tyson, Army Air Corps, to his father Dan Tyson, City Secretary and Treasurer. Lt. Tyson is a Bombadier and stationed at Harvard, Nebraska.

The Germans permit celebration of July 4th because it has to do with the Declaration of Independence and subsequent victory over the British. Stories of this nature are released for the effect they will have in America. The Germans are using every known method of softening up the American people against the day when peace will be made.

Lt. Newton, a prisoner, was shot down in the Mediterranean sea while on a combat mission. Seven members of his crew aboard his Liberator, San Antonio Rose, were killed. Lt. Newton was fished out of the water by a German ship crew and taken to Germany where he is held a prisoner.

Here is the story in which Lt. Newton is mentioned:

The story of "the greatest day in prison-camp history'—the celebration of last Fourth of July by a doughty band of American airmen in a German prison camp—is related in a letter received recently from Lieut. Joe Klaas, one of the prisoners, by his parents.

Lt. Klass, a former University of Washington student, is the son of Mr. and Mrs. O. H. Klaas, Windsor Apartment-Hotel. The Independence Day enthusiasm and patriotism with which he and his fellows made their camp resound exemplifies the indomitable spirit of American's figthing men—whatever the adverstities they face.

Spokaneite Leads Parade

The Fourth of July parade, Klaas wrote, was led by Maj. Jerry Sage of Spokane. Sage is a former president of the men students of Washington State College, where he also was a football letterman. He was graduated from W. S. C. in 1938. His wife, Barara F. Sage, is living in Tacoma.

Klaas was graduated from Broadway High School before entering the University. He flew with the Royal Air Force before transferring to this country's Air Forces. He was wounded and captured in North Africa, but wrote that he has recovered completely from his injuries.

Klaas' letter follows:

Stalag Luft Lli,
July 7, 1943.

Dear Folks:

In the startling light of dawn three hours earlier than routine wake-up time, this (censored) "Kriegie" prison camp's several hundred American prisoners of war arose to start celebrating the Fourth of July.

A mighty snake of airmen, wielding dishpans and spoons, led by the dashing, constumed figure of Maj. Jerry Sage of Spokane as Uncle Sam, with a complete "Spirit of '76" retinue, included Paul Revere on a life-size horse, and a fife, trumpet and drum, stomped, whooping and hollering, through the baracks blocks housing our allies, the British.

Our "Limey" pals were initiated into Indepnedence Day with the beat of tin pans, blood-curdling Indian war whoops, cries of "Wake up! the British are coming!" and the emphatic music of "Yankee Doodle."

'Americans Future Home'

The rear was brought up by the baby-diapered person of the youngest American in camp, Robert Jones, 20, of Okmulgee, Okla., labeled "America's Future Hope." At the morning roll call, Marshall Draper of Beverly Hills, Calif., was presented with a huge "Iron Cross" of wood for being shot down in the first American bomber raid on the Fourth of July one year ago.

Following a baseball game in which the junior officers beat the seniors, 7 to 5, Col. Ralph Goodrich of Atlanta, Ga., Lt. Col. Tlbert Clark of Buffalo, N. Y., Maj. David Jones of Winters, Texas., Wing Comdr. Bob Tuck, the famous British ace, and some 150 other candidates were flung bodily into our 60-foot square fire pool (for losing the game.)

The great day was rounded out by a huge evening sing-song led by Frank (Tex) Newton of Cameron, Texas, and his hot trumpet. Our Fourth of July was the greatest day in prison-camp history.

Health fine now. Studying German, teaching theatrical make-up, and singing in our camp church choir. Please break local records with mail.

Love, Joe.

War Pictures Top Screen Bill Sunday

War pictures top the screen bill in Cameron Sunday.

"Action In The Atlantic," with Humphrey Bogart is the big attraction at The Cameron while "Air Force," starring John Garfield tops the bill at the Milam Sunday.

The program for September just issued by The Herald press reveals a booking of big time pictures for the month.

On September 19, Bette Davis in 'Watch On the Rhine," comes to the Cameron. Saturday, September 18 "Oxbow Incident" with Henry Fonda opens at the Cameron.

"Shadow of Doubt," with Teresa Wright and Jospeh Cotten one of the currently reviewed pictures in Life. come to the Cameron September 16 and 17.

E. C. COLE REPORTS DRIVE GOING OVER

Heartening reports comparable to those in the April war loan drive when Milam county exceeded the quota by a wider margin than any section in America, were coming in Saturday

E. C. Cole, chairman for the Third War Loan in Cameron, brought in the report to The Daily Herald at 4 p. m. and up to that hour Cameron had purchased $989,841.75 in bonds.

Reports indicated that workers in other sections of the county were behind the drive in a big way and reports should be coming in from the county as a whole by Monday.

Mr. Cole who led the April drive in Cameron, had a word of general appreciation for The Midget. "Without it," he said, "the job would be three times as hard to put over."

All committees are urged to contact Mr. Cole at the close of the day's canvas so that the people may know each day the splendid thing they are doing to win this war and to get those boys back home soon.

"All committees are working hard," said Mr. Cole, "and Monday will start a new week in which results will be most gratifying."

Bennie Bailey and Edna Merle Angell gave a slumber party September 10. Those attending were Joyce Bryan, Alice Marie Coker, Billie Jo Harris. Picnic supper was served after they attended a movie.

Novel Comedy Screen Hit at Cameron to Open Wednesday

Novel comedy situations, gay music and a screenfull of glamorous Hollywood notables are the entertaining elements of Universal's latest fun film, "Gals, Incorporated," which is scheduled to open Wednesday at the Cameron Theatre. The picture, described as a sparkling cinema frolic, headlines Leon Errol, Harriet Hilliard and Grace McDonald.

Errol, the famous "rubberlegs" commedian, has a key role in the bright story. He appears as the fancy-free sponsor of a swank night-club where the entire personnel is made up of beautiful girls. When straight-laced relatives attempt to "reform" him, he becomes involved in a marriage hoax which is said to set several high records in movie hilarity.

David Bacon has an important featured part and among the other talented players are Betty Kean, Mauren Cannon, Lillian Cornell and the well known Pied Pipers. Outstanding musical highlight of the picture is the appearance of Glen Gray and his celebrated Casa Loma Orchestra.

Three dancing specialties are presented during the cabaret sequences and the film's musical score, directed by Charles Previn, includes twelve numbers. Listed among the new tunes are "All The Time It's You," "Here's Your Kiss," and "Hep, Hep, Hooray" written by the popular song composing team of Milton Rosen and Everett Carter. The old-time favorite, "What Can I Say Dear After I Say I'm Sorry," is presented by the Pied Pipers.

Little Oscar, Mystery Colt, Getting a Lot of Attention Saturday

Little Oscar, the mystery colt, was getting a lot of attention Saturday. Oscar is bay and a fine colt with black curley tail and mane.

About 100 people had visited the lot to see Bessie and her baby. Grady Little said it is amazing the interest created.

Names have been coming in to The Herald all day. Mr. little is giving a $5 ice book for the best name for the colt. Monday names will begin to be printed. Judges will be named.

Humor crept into the increasing interest in the naming of the colt when H. F. Smith suggested "Onyx," as a good name for little Oscar. Mr. Smith said he was reminded of a story told in Cameron years ago when a negro preacher, Black Billy Sunday, was invited to a white church and introduced. The negro preacher said he felt much as the old negro woman who received census takers. She had a large family and after giving the names of all the children, came at last to the baby. They had named him "Onyx." The census taker was curious and asked why. "Well, it was dis way," the mother said, "dat chile was so onyxpected."

Jack Wazel who has been in defense work for the past few months is here visiting friends and relatives before being inducted into the service.

Guayford Gersbach who is in the U. S. Navy is visiting his family at Friendship.

ARE YOU LOYAL TO UNCLE SAM? I AM!

"You'll always be glad you did"

None of us will be completely happy until the day of Victory. The day our boys are back; our sons, brothers and husbands. We want our way of life to go on, and we're fighting to make sure it does. We want Jim or Bill (you know his name) to be sitting right there in his easy chair with his pipe or studying in his own room. We want to have friends in for dinner again . . . and a big roast beef for them. We want to be able to take a long drive in the country, buy a new car, have fun, be happy. We want to live again on that sunny side of things of which Coca-Cola, itself, is such a symbol. There are so many things we want back. Yes, so many. None of them will come unless we win. All, and more, will come *when* we win. The War Bonds you buy will hasten the day . . . the day of Victory.

SALAMAUA AIRDROME TAKEN BY AMERICANS

The American Fifth Army under General Clark is within site of Mt. Vesuvius in Italy northeast of Naples.

The Fifth Army landed shortly after Italian surrender and immediately engaged heavy units of the German army.

The scene of the present battle is historic for other wars. Here as far back as 350 Before Christ the Romans and the Latins fought a decisive battle on the slopes of Vesuvius.

The Germans were using, tanks, artillery and aircraft. The Americans have taken Brendisi and Bari and have thrown the Germans back on all sectors of the battle.

Meanwhile the British 8th Army under General Montgomery was encountering little opposition from Southern Italy.

American reinforcements and supplies are pouring into Italy, more than matching the strength of the Germans.

Six more Italian warships have arrived at Matla, making a total of 38 or more.

The airdrome at Salamaua has fallen to the Americans after a daring campaign by airborn troops and naval units under command of General Douglas MacArthur.

The Red army is within 12 miles of Bryansk and are advancing all along the east front.

Pvt. Homer Terry, Jr. Recovering; Operated On at Fort Lawton

Pvt. Homer Terry, Jr., is recovering from an operation for appendicitis at Fort Lawton, Seatttle, Washington.

Mr. and Mrs. Homer Terry, Sr., parents of Homer, Jr., have just received notification of their son's illness.

Homer, better known here as "Rusty" was a rugged lineman under Coach Wood in football at Yoe High School. He writes that he is doing nicely and will be up and about soon.

Rusty says he likes the army fine and finds life and his work at Fort Lawton very interesting.

A TRIBUTE TO LT. WARREN H. BRASHEAR
By His Mother

Twenty-two years today you made your appearance into our home. I cuddled you in my arms for the first time, yes, my darling baby the most precious thing in all the world.

You brought a glow of sun shine and happiness to me I had never known before; how I love you my darling, you will never know.

Just like an angel from heaven, a gift from the good Lord above. I was so proud and happy to know I had been blessed with an angel to love.

Your tiny feet and tiny hands, most beautiful eyes I ever saw, your long black hair was devine, you were mine all mine.

I never knew what love was until God gave you to me to love here all my love to you, this pledge to you here or on far distant shores I can never love you more.

My boy my all American boy today a dream and yesterday's a momory know one can destroy. I wouldn't take a million for all the joy having you my very own boy.

You are big and strong, now fighting for the right of liberty where freedom is the word and justice is for all.

Chin up, keep your chin up, no matter what comes bear it with a grin then all your sorrow will be gone by tomorrow and a new day will begin. Cheer your Buddies so they wont despair, make their troubles easy to bear.

My prayers to God above you'll be protected, brought back to the ones you love. You will come back to me I know, bringing sun shine all aglow with your light hearted gay little tricks every one knows.

I will be strong and brave until that day when you'll be beside me, back in my arms to stay as you were twenty-two years today.

Mr. and Mrs. J. Milton Rice of New Salem were business visitors in Cameron yesterday. Mr. Rice, a native of Milam County was observing his 7C birthday.

Mr. and Mrs. Jim B. Ulicnik of Buckholts are the parents of a baby girl, born Sunday in the Newton Memorial Hospital. She has been named Frances Louise.

Winfred R. Russell Now Lieutenant in Air Corps; Gets His Wings

Moody Field, Ga., August 11. - Former Aviation Cadet Winfred R Russell, son of Mr. and Mrs. C. E. Russell of Cameron, has been graduated from the Army Air Forces Advanced Flying School at Moody Field, Ga., and commissioned a second lieutenant with the rating of army pilot.

Col. H. F. Muenter, commanding officer of Moody Field, presented their "wings" to the class at the graduation ceremonies in the Post Theatre. The graduates and a large audience of families and friends of the new pilots heard a valedictory address by Lt. George B. Boone of Douglaston, Long Island, a member of the class.

Lt. Boone reviewed the long months of training through which he and his classmates had struggled to get their commissions. The ardouos routine of pre-flight, primary, basic and advanced training was behind them, he said, and now they were prepared to turn their acquired flying skill against the Axis. He commented wryly and with humor on some of the regulations and restrictions placed on all aviation cadets during their training but admitted that they were all essential to the creation of an Army flier.

Nat B. Wofford of Port Arthur, will arrive Saturday night to spend Sunday and Labor Day with his mother, Mrs. Hallie Jones Wofford. Nat was reared in Cameron and has many friends here who will be glad to welcome his visit to Cameron.

Mr. and Mrs. Sam Mewhinney of Friendship were here this week. He attended a meeting of the Ration Board.

EL DUCE DELIVERED TO ALLIES IN AFRICA

Invasions from the British Isles was believed temporarily aside now that the Italian invasion means so much in the way of a decision.

Benito Mussolini has been delivered to the Allies and has been transported to North Africa.

El Duce who screamed defiance in the old days against Britian, demanded Tunisia, Corsica, Ethiopia and the Suez Canal, and who found his empire in ashes within the space of two years, was driven from power when Sicily was invaded.

While there were no details it was presumed that the terms of uncon ditional surrender made by Italy included the delivery of Mussolini to the Allies.

A declared objective of the Allied war against the agressors is the capture and punishment of the those guilty. According to Mr. Rossevelt the guilty will be tried in the country where their crimes were committed. Mussolini would fare well in Athens or Adis Abbaba.

DIES IN CALVERT

Mrs. Marcia Fraser, 62, died at her home in Calvert, Friday, Sept. 10th. 1943.

Se was a pioneer of Calvert and had been in ill health for the past two months.

Interment will be made in Calvert cemetery with Green's Funeral Home in charge.

Mrs. Jewel Talley of Branchville was a Cameron visitor yesterday.

Old Gray Mare Keeps Secret Well; Colt is Mystery Arrival Here

The old gray mare, she ain't what she used to be—well, maybe not, but Cameron today has an old gray mare that is doing mighty well by herself and owners as well.

When employes of Grady Little went to the barn early Friday to put the old gray mare in harness for the day's delivery of ice, she had a "not so fast there fellow," look in her eyes. Nearby was a colt born sometime during the night.

Colts are nothing to get excited about in Texas but it just so happens that this one was a complete surprise and Mr. Little said early Friday it is a mystery colt. Why it was born to this particular gray mare is the mystery, but facts is facts.

We'll call the mare Bessie just to get on with the story. Bessie plodded the plaza in the stubborn heat of summer, pulling an ice wagon. She worked right up to sundown Thursday and no one, not even the driver knew her secret.

Mr. Little was so overwhelmed by the barnyard blessed event he up and offered an ice book filled with $5 worth of ice tickets for the best name for the colt.

For the time being we will call the colt Oscar but that is not his name, just being used to give you a slant on his classification in the species. When you suggest a name, it can't, unfortunately, be Miss Pearl; Sybil or Southern Melody; neither should it be Oscar.

Just sit down and write a name for the colt and mail it the Daily Midget or bring it in. Don't overlook the Third War Loan but remember, naming this mystery colt is mighty important.

Mr. and Mrs. Bill Parma are the proud parents of fine boy, born Sept. 6th, in the Newton Memorial Hospital, both mother and son are reported doing nicely. They named him William J. Jr.

Tom Silvey of Milano, paid a business visit to Cameron Thursday.

It cannot be valued in mere dollars. This we know. But the length of our war for freedom can be shortened with *extra* dollars. In this extremely crucial period, needs for all kinds of materials, equipment and food are increasing with expanding attacks on the enemy. One of our important responsibilities is to supply the *extra* dollars for these *extra* needs.

Lone Star folks are backing their more than 900 fellow-employees who are serving in the Armed Forces with *extra* dollars invested in *extra* war bonds. War Bonds pay a dividend of priceless value—freedom. So, back the attack.

It's the **EXTRA** *bond that counts!*

Proclamation

TO THE PEOPLE OF THE UNITED STATES

Proclamation

RECOGNIZING THE FACT that in carrying the war into enemy territory, we shall need greater amounts of money than any nation has ever asked from its citizens in all history, I, FRANKLIN D. ROOSEVELT, President of the United States of America, do officially proclaim that on Thursday, the ninth of September, 1943, the Third War Loan shall be launched.

As Commander-in-Chief, I hereby invoke every citizen to give all possible aid and support to this Thrid War Loan drive, not only so that our financial goal may be reached, but to encourage and inspire those of our husbands and fathers and sons who are under fire on a dozen fronts all over the world. It it my earnest hope that every American will realize that in buying War Bonds in this Third War Loan he has an opportunity to express voluntarily and under the guidance of his conscience, the extent to which he will "back the attack."

The American people supported well the first and second War Loan drives and in fact did even more than was asked of them. Our need for money now is greater than ever, and will continue to grow until the very day that Victory is won; so we must ask far more sacrifice, far more cooperation than ever before.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington, this twenty-sixth day of July, in the year of our Lord ninteeen hundred and forty-three, and of the Independence of the United States of America the one hundred and sixty-eighth.

(SEAL)
